

# Diagnostic imaging for chronic plantar heel pain: a systematic review and meta-analysis

Andrew M. McMillan, Karl B. Landorf, Joanna T. Barrett, Hylton B. Menz, Adam R. Bird

## Additional Data File 5. Exclusion grounds for articles rejected after full-text assessment

	<b>Principal Author</b>	<b>Year</b>	<b>Grounds for Exclusion</b>
1	Breunung	2008	Single case report
2	Buchbinder	2002	No imaging comparison to independent control group
3	Chigwanda	1997	No imaging comparison to independent control group
4	Chundru	2008	Comparison of patients with and without muscular atrophy
5	Cosentino	2001	No imaging comparison to independent control group
6	Cosentino	2004	No imaging comparison to independent control group
7	Falsetti	2003	Disease specific cohort
8	Frater	2006	No imaging comparison to independent control group
9	Grasel	1999	No imaging comparison to independent control group
10	Groshar	2000	Comparison to asymptomatic foot only
11	Hammer	2005	Comparison to asymptomatic foot only
12	Heim	2000	Case reports
13	Howells	1994	Letter and author reply
14	Intenzo	1991	No imaging comparison to independent control group
15	Kamel	2003	Disease specific cohort: seronegative arthropathy
16	Kane	1998	Comparison to asymptomatic foot only
17	Kane	2001	Comparison to asymptomatic foot only
18	Kell	1994	Case reports
19	Kier	1991	No comparative research, graphical descriptions only
20	Koulouris	2005	No comparative research
21	Levy	2006	No imaging comparison to independent control group
22	Liang	2007	No imaging comparison to independent control group
23	Maier	2000	No imaging comparison to independent control group
24	McGonagle	2002	No imaging comparison to independent control group
25	Ozdemir	2002	No imaging comparison to independent control group
26	Rapp	2006	No imaging comparison to independent control group, not published in a peer-reviewed journal
27	Reinherz	1989	No research findings presented
28	Roger	1997	Pictorial review only
29	Sewell	1980	No imaging comparison to independent control group
30	Sorrentino	2008	No imaging comparison to independent control group
31	Tanz	1963	Various causes of plantar heel pain, including trauma
32	Theodorou	2000	No imaging comparison to independent control group
33	Theodorou	2002	No imaging comparison to independent control group
34	Tsai	2000	No imaging comparison to independent control group
35	Tudor	1997	No imaging comparison to independent control group
36	Uzel	2006	No imaging comparison to independent control group
37	Wearing	2004	Unable to verify if imaging results had been published elsewhere
